

HÅVALDSEN TRIPLE CASK AQUAVIT

LIER, NORWAY

The first triple-cask Aquavit made in Norway.

A blend of 20 different herbs, including: caraway, quince, coriander, angelica, mint, ginger root, range and lemon peel.

The herbs are well-integrated & are distilled together before adding water.

It's stored in three different barrels for 9 months: 3 in Sherry casks, followed by 3 in Madeira barrels & the final 3 months are spent in fine French oak.

Fragrant nose of citrus, spice, white flowers & a touch of herb in fine wood. A touch of lemon curd, citrus & spice add to the slightly bitter lingering finish from the herbs & botanicals.

Try as an avec/digestif or as the perfect main ingredient in cocktails.

Silver Medal, 2017
International Spirits
Competition.
