

# WESTERN WHISKEY HONEY PEPPER

## A HAND-CRAFTED ARTISANAL WHISKEY

made with premium Kentucky Bourbon that's been aged 4 years. Blended with natural chili pepper and Natural Clover Honey.

Honey Pepper Whiskey starts off caressing your palate with natural clove honey, yet it has a long and teasing chili pepper finish.

The initial rich, full-bodied Bourbon profile offers a firm undertone of oak and vanilla softened by smooth natural honey and followed with a fiery, yet subtle peppery finish, dangerously soliciting your palate for another shot.

This remarkable Whiskey starts off hot, yet has a long and sweet finish.

Perfect for all occasions.
